

# Binaya Ghimire

BACKEND DEVELOPER · LARAVEL & PHP SPECIALIST

• Kathmandu, Nepal • +977-9843164367 • binayaghimire1974@gmail.com

## PROFILE

Backend developer with 6+ years of experience building scalable web applications in Laravel, PHP and Vue.js, including REST and SOAP APIs, database design and reporting dashboards. Delivered digital data collection tools, digital family health profiles and municipal dashboards for Development Cooperation projects, working with GIZ teams, municipalities and data analysts. Experienced in gender-responsive, participatory survey design, performance tuning and leading small technical teams.

## EXPERIENCE

MAY 2025 – PRESENT

### Backend Developer

Hi-Tech Valley Pvt. Ltd., Kathmandu

- Build backend systems and APIs for web apps, including inventory and loyalty management, in Laravel and PHP.
- Developed an inventory management system for a sandwich manufacturing company.
- Coordinate with app and frontend developers; handle server management and deployment.

FEB 2023 – PRESENT

### Backend Developer

Six Sigma Inc., Kathmandu

- Built backend systems for real-time dashboards, data visualization and reporting for project and municipal stakeholders.
- Developed gender-responsive, inclusive digital tools and surveys, and digital family health profiles with real-time updates.
- Worked with data analysts, GIZ teams and municipalities to define tools, datasets and profile requirements.
- Led the backend team, planning tasks and delivering to timeline.
- Optimized performance and tuned databases for high-traffic systems.
- Wrote system documentation and handed tools over for independent, sustainable use.

JAN 2020 – JAN 2022

### Laravel Backend / API Developer

Nitya Shree Developers Pvt. Ltd., Kathmandu

- Designed database schemas and backend architecture for participatory survey platforms.
- Built digital profiles and dashboards for municipality-level project reporting.
- Developed REST APIs for web and mobile platforms; tested and optimized for reliability.

MAY 2018 – PRESENT

### Freelance Web Developer

Self-employed

- Delivered Laravel and WordPress sites, including gscnepal.com and trichandrampus.edu.np.
- Built reusable PHP modules, optimized SQL queries, and managed hosting and maintenance.

JUL 2017 – APR 2018

### Junior Developer

Gautam Company, Newroad

- Tested Laravel applications, deployed WordPress sites, built CRUD modules and managed MySQL databases.
